PROFESSIONAL SUMMARY

Computer Engineering graduate with hands-on experience in UI/UX design, front-end development, and WordPress site building. Skilled in translating client requirements into clean, user-centric web interfaces using Figma, Adobe Illustrator, and custom CSS. Comfortable working across the full design workflow — from sitemaps and wireframes to interactive prototypes and production-ready implementation. Known for clear documentation, dependable collaboration, and a steady focus on simplicity, usability, and intuitive digital experiences.

WORK EXPERIENCE

Web Designer & Developer (Part-Time) | Ferret9 Creative Solutions

July 2025 – May 2026

Lapu-Lapu City, Philippines

- Promoted from On-the-Job Trainee to a core part-time role contributing directly to client-facing web design and development projects.
- Translated client requirements into functional, user-centered designs by producing sitemaps, wireframes, and interactive prototypes in Figma.
- Built, customized, and maintained client websites in WordPress, applying custom CSS to ensure each finished site matched the approved design vision.
- Authored client-facing documentation and recorded instructional walkthrough videos that enabled non-technical clients to manage their WordPress content independently.
- Collaborated closely with developers, designers, and project managers to deliver projects on schedule and within client expectations.

On-the-Job Trainee — Web & Software Development | Ferret9 Creative Solutions

May 2025 – July 2025

Lapu-Lapu City, Philippines

- Completed 240+ hours of supervised practice across software and web development assignments, contributing to live client deliverables.
- Supported the design team in building wireframes, mockups, and prototypes in Figma based on client briefs and revision rounds.
- Assisted in WordPress site builds and customization, including theme adjustments, plugin configuration, and CSS refinements.
- Gained practical exposure to professional design workflows, version control, client communication, and quality assurance practices.

PROJECT EXPERIENCE

Whaloo — Mobile Productivity App (Flutter) | UI/UX Designer & Front-End Developer

February 2025

- Designed and prototyped a student-focused mobile productivity app aimed at improving study habits and time management.
- Delivered a responsive, intuitive interface optimized for multiple device sizes to ensure a consistent user experience.
- Created the official app mascot, “Whaloo,” to strengthen branding and increase user engagement.
- Built reusable Flutter widgets and components to streamline development and reduce code redundancy.

Tek-Trails — Virtual Life Simulation Game (Unity) | UI/UX Designer, Game Designer & Front-End Developer

June 2024 – July 2024

- Designed character sprites and background art for a Unity-based virtual life simulation game inspired by Pou.
- Designed and implemented in-game UI layouts, interactive buttons, and menu screens for a visually engaging, user-friendly experience.
- Developed mini-games including a Flappy Bird clone, a waste-sorting challenge (bio, non-bio, recyclable), and a food-drop game.
- Built the front-end for the flashcard learning module, enabling users to interact with educational content through a responsive interface.

EDUCATION

Bachelor of Science in Computer Engineering — Cebu Institute of Technology – University

Graduating May 2026

Cebu City, Philippines

Senior High School — Cebu Institute of Technology – University

S.Y. 2021 – 2022

Junior High School — Graduated with Honors — CBD College

S.Y. 2019 – 2020

SKILLS

Design & UX: UI/UX Design, Wireframing, Prototyping, Sitemap Creation, Figma, Adobe Illustrator, Responsive Design, Branding

Web Development: WordPress, HTML, CSS, Custom CSS Styling, Theme Customization

Programming & Tools: C, C#, Dart, Flutter, Unity, Arduino

Documentation & QA: Technical Documentation, Instructional Video Creation, Quality Assurance, Documentation Review

Professional: Time Management, Teamwork, Adaptability, Creativity, Communication, Data Analysis, Computer Literacy
